LIFE CARE PLANNING LITE

Develop a relationship with a multi-disciplinary team who is available to assist with advocacy and guidance when an emergency arises. Oftentimes a crisis presents itself with no warning – strokes, aneurysms, sudden illnesses – to name a few. Life Care Planning Lite (LCP LITE) is a pre-need assurance that when a crisis strikes, you have a team of professionals ready to step in and help you and your family. There are 3 components to LCP LITE:

- (1) Personal Needs Assessment
- (2) Legal Assessment
- (3) Advocacy & Care Coordination

Testimonials from our clients:

“Gracious, intelligent, compassionate, caring and helpful. Thank you KMA.”

“KMA has provided my family with brilliant elder law advice. Their work is efficient, accurate and thorough.”

“Thank you for caring about us and treating me like a friend. This would have been impossible without you. Very professional to deal with. They go the extra mile to help.”

“My Elder Care Coordinator has been a god-send, helping me address all the issues with home care, and ultimately recommending the best care facility in the area for my wife. They have been a tremendous help to me and to my wife.”

“Without KMA, the past several years, I would have shed more tears than I have. A simple thank you just doesn’t fully express the gratitude my family has for all they have done for us.”
